

**YANTRA**

# INTRODUCTION

**SYANTRA** Considered one of the oldest, purest, and strongest symbols. The Sri Yantra **powers** should help us to fulfill our desires and make our lives better.

It is meant to bring us wealth, both in the spiritual and material realms. It should also bring peace, strength, and success to the user.

# WHAT IS \$YANTRA?

**\$YANTRA** is an instrument to support the masses on their crypto journey. The purpose of \$YANTRA is to empower and fund the community with a wealth generating token.

**\$YANTRA** works like a machine removing tokens from the blockchain while providing additional liquidity to the pool for the remaining tokens.

**\$YANTRA TOKEN** Pure Burn Tokenomics are designed to increase token value for the holders adding sustainable liquidity on autopilot during trading activity.

Liquidity locked for **999 YEARS**

YANTRA DAO allows holders to vote on how the marketing funds are used in the public wallet.

YANTRA is a hyper-deflationary token that gains value with every buy and sell. Removing the tokens from the total supply, reducing the supply with every buy and sell transaction.

There is a **6%** burn tax on every buy and **3%** burn tax on every sell intended to continually raise the floor price by burning and removing the from the total supply.

YANTRA also has a **3%** liquidity tax on every buy and **6%** liquidity tax on every sell intended to sustain the liquidity pool. YANTRA also has a **3%** tax to a public marketing wallet for further development of the project.

\$YANTRA Antibot / Antisniper Contract States
